

We're Hiring Field Technicians- Come Build Something You're Proud Of

We are a growing local landscape company looking for reliable, hardworking field techs who take pride in doing things the right way. If you enjoy working outdoors, seeing real results at the end of the day, and bring part of a crew that actually has your back, keep reading.

What You'll Be Doing:

- Mowing and routine lawn maintenance
- Softscaping (mulch, plant installs, trimming, bed work, weeding, clean ups)
- Hardscaping (pavers, retaining walls, edging, installs)
- Working as part of a team to make properties look their absolute best

What We're Looking For:

- Experience in mowing, softscape or hardscape work (one or all is great)
- Someone who shows up on time, works hard and can work on a team
- Takes pride in quality work and clean finishes
- Comfortable working outdoors in all seasons
- Ability to follow direction but also work independently when needed
- Communication skill, respectful of person, property and work
- Accountability and honesty with fellow workers and management

What You'll Get:

- Competitive pay based on experience with paid holidays
- Consistent work (not just a few random days)
- A solid crew that respects your effort
- Opportunity to grow and move up as we expand
- Work you can point at and say, "Yes, I built that"

We are not a big corporate outfit-we're hands on, we care about our work, and we want people who do too. If you're tired of bouncing between jobs or want to be part of a company that values good workers, we'd love to talk.

Interested? Send us a message or apply today and tell us a little about your experience.
